

Day 7 will specifically connect your previous questions

We'll start from:

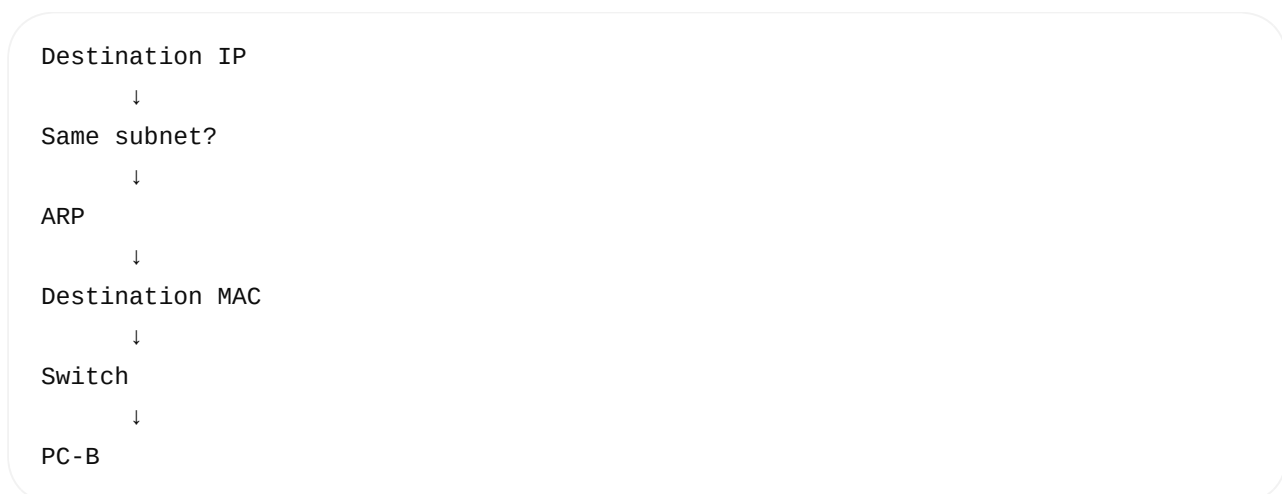

Then we'll move to:

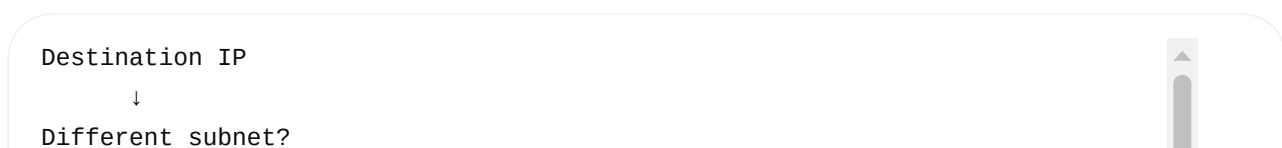

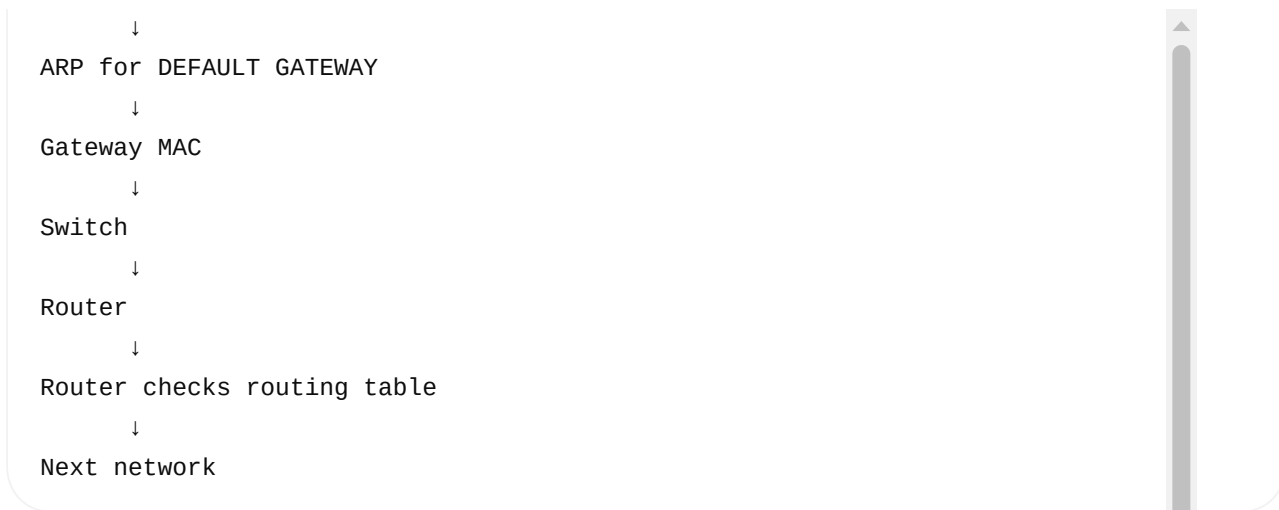

And most importantly, we'll answer:

Same LAN:

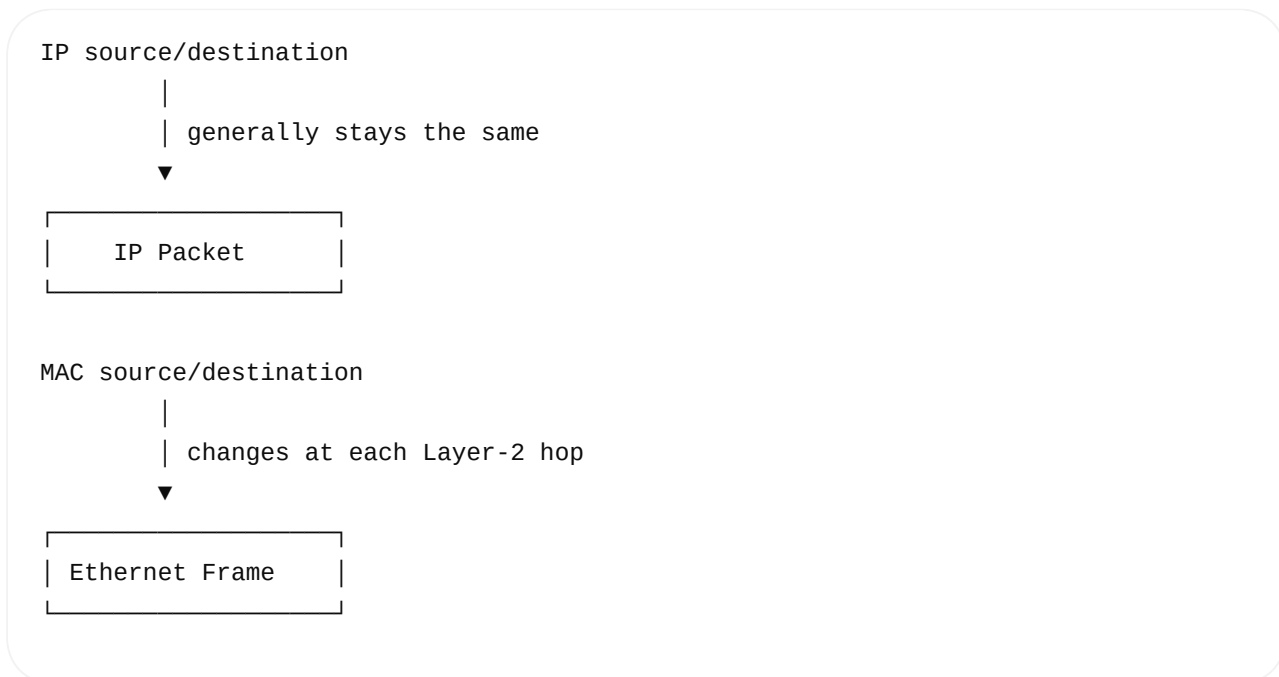

Different network:

We'll also carefully track **what changes and what does NOT change** as a packet passes through a router:

That is the key concept connecting almost everything you've learned so far.

So yes — Day 1 through Day 6 are considered complete for this plan. We now proceed with Day 7, without jumping ahead.
